

Client Responsibilities

You are responsible to show proof that your female is fully vaccinated and dewormed before bringing her to us. She must be clear of any diseases! You are responsible for ALL supplies used and needed for the care of your female and pups (tubes, syringes, meds, fluid etc). This is ABOVE our baseline whelping price. You will be responsible for all Vet fees at the time of service.

Fee Schedule

Our base line fee for whelping a litter of pups for 4, 6 & 8 weeks is below. If any pups or female need critical care there will be additional fees (See below) 1st week payment is due with drop off. Weekly payment, along with any extra charges during that week, will be due on the day of the week your pups were born. We accept Cash App, Zelle & Cash

Fee Description	4 weeks of service	6 Weeks of Service	8 Weeks of Service
French Bulldog litter with Mom	4000.00	6000.00	8000.00
EB & Bully litter with Mom	4800.00	7200.00	9600.00
<p>* If you bring a mom in that's wormy and she has giardia, coccid or explosive diarrhea your whelping fee doubles automatically until healthy!</p> <p>* If you bring a mom in that's skin and bones after delivery from lack of nutrition and can't feed her litter the whelping fee also doubles!!</p> <p>Now I have to get the Mom healthy as well as pups from the get go instead of whelping a healthy litter. PLEASE MAKE SURE TO BRING IN HEALTHY MOMS!! If you need prenatal care info ask us and we will help you when she comes into heat!</p>
